Dear Parent/guardian:

RE: Streamlining school bus registration for 2021-22 school year

We are streamlining the school bus registration process for the 2021-22 school year to allow for better planning and earlier communication with students and families. **Please review the attached chart for new or existing riders to find out what action is required to register your child.**

Bus routes/numbers

2021-22 school bus routes/numbers will be based on all registrations and changes/updates received by **June 11, 2021**.

Parent/guardians will receive email confirmation of their children's school bus routes and bus numbers by **July 26, 2021**. The [school bus schedules](#) will also be posted on [Yukon.ca](#).

Bus tags

All students registered for the school bus will receive a 2021-22 bus tag during the first week of school. Students must be able to show their tag in order to ride the bus thereafter. If a student requires a parent to meet them at the bus stop, their tag will have a red loop for easy identification.

Questions?

Contact the Transportation Officer at 867-667-5172 or student.transportation@yukon.ca.

Thank you for your prompt attention to informing us of any changes to your child's school bus registration information for the 2021-22 school year. We look forward to continuing to meet your student busing needs safely and efficiently.

Sincerely,

Chris Hanlin
Director, Operations
Schools and Student Services

Updates to school bus registration process for 2021-22 school year

STATUS	DESCRIPTION	ACTION	DEADLINE
