

How to receive school bus notifications of delay or cancellation

School bus routes may be delayed or cancelled, especially during the winter months.

Notifications of delays or cancellations may be issued in three ways:

- Text messages directly to parents/guardians of any delays or cancellations;
- E-mail and web updates on My School Bus Monitor of delays or cancellations; and
- Updates through local radio stations (CBC, CKRW, CHON FM) during extreme weather when there are widespread cancellations or impacts to school buses.

Note: If you do not receive a notification in the morning, your school bus is running as usual.

Extreme cold or snow conditions

When temperatures get below -40 before the wind chill, or there are extreme snow conditions, widespread cancellations of school bus routes may occur. Keep an eye out for updates.

Text message notifications

Make sure we have your updated contact information to receive text messages from Standard Bus. Send updated contact information to student.transportation@yukon.ca.

My School Bus Monitor

You need to re-register for My School Bus Monitor each school year as bus routes are updated.

You can also view updates online by visiting www.myschoolbusmonitor.ca and searching 'Whitehorse' or 'Yukon' to see if there are any school bus delays for that day. To register:

Register your Email:

1. Click "[here](#)" where it says "To receive email alerts, click here"
 - a. Enter the email address you want the notifications to go to.
 - b. Confirm the email address you want the notifications to go to
 - c. Carrier – Enter "Standard Bus Yukon"
 - d. Read the message and confirm you read it by clicking the box.
 - e. Hit "Next"

Update School Routes:

2. Select the school you want to receive updates for
 - a. Ensure it references Yukon Government - some schools have similar names in other jurisdictions
 - b. Select and add the route(s) that your child is assigned to.
 - c. Be sure to add both the AM and the PM route.

Local radio updates

We inform local radio stations, including CBC, CHON FM and CKRW if there is an extreme weather event that causes widespread impacts or cancellation to school buses. We do not issue notifications through local radio for delays or cancellations of individual routes.
